When Cameron reviews her list of honors she cannot overlook her volunteer fire company for it has brought to Cameron more honors than any one organization that has competed for state championships.

The past three years Cameron has taken away from the state firemens association as many prizes as all the other companies in the state combined which proves that we have the best and fastest volunteer fire company in the state and are backed by a citizenship that makes it possible for them to have and do, any thing they wish.

ATTEMPT MADE TO LOOT GAUSE STORE

BLOOD HOUNDS SENT TO SPOT TO TRACE ROBBERS—NO ARRESTS.

Following the attempted robbery of the Critchfield store in Gause Tuesday, Sheriff Drue S. Rogers had blood hounds sent to the spot in an effort to track the robbers. Because of trespassing no trail could be picked up and up to this time no trace of the burglars has been found.

As soon as the attempted robbery was reported here Sheriff Rogers went to Gause and later telephoned City Marshal Vince Lucas for the latter's blood hounds to run down the burglars. The robbers had piled a large qautity of goods on the front porch of the store and had piled a large quantity on the inside near the entrance.

Passers by at an early hour that morning frightened the burglars away when discovering the goods piled near the door gave the alarm. It was said at the sheriff'e department Wednesday that the thieves made away with a small quantity of goods, the aalue of which cannot be determined.

The theory is advanced by Sheriff Rogers that the burglary was committed by local thieves as the circustances are similar to a number of robberies in the county during the past year when local thieves were arrested.

Recently at Thorndale arrests were made that cleared up the robbery of a number of stores and the setting on fire of the business block in the city which resulted in a loss of $200,000 last winter.

One of the men implicated in the robbery has not been placed under arrest.

The grand jury is now in session and it is likely a large number of indictments will be returned.

OLD TIME SINGERS TO MEET HERE ON SUNDAY MAY 20TH

SALTY DISTRICT CONVENTION TO BE IN ALL DAY MEETING HERE.

You will enjoy some good music by attending the all day singing by the Salty District Singing Convention at the Methodist church in Cameron Sunday. The convention will convene at 10 o'clock, and there will be a large delegation from the different classes composing the Convention, as well as those who enjoy the occasion Let us all attend the singing, and show the convention people our appreciation of their presence among us, and also give a nice basket dinner at the Park for our guests. A committee has telephoned all who have telephones, but many of our people who will be glad to give a basket have not been reached, and they are also requested to donate something good to eat for this occasion. For the convenience of those who prefer to send or deliver their baskets early, a committee will be at the Park after 9 o'clock Sunday morning to receive and take charge of all baskets left there. Do not ask the committee to send for your basket, if you can avoid that, as it will require that much more work on their part. Cameron people always do their part when they know what is expected of them.

The Carr Quartet of the Central Music Company of Temple will be present and give us some choice songs.

HIGHWAY REPORT.
(By Radio)

Thursday, May 17, 11:00 a. m.

The highways are bad, but are drying up rapidly in the north and east portion of Texas.

Highways in the Southwest portion are in fair to good shape.

San Antonio route via Rogers and Taylor is considered the best route.

San Angelo via Temple and Brownwood is in its best to Coleman, from Coleman to Santa Anna is rough on account construction but its passable, the other good stretches along this cross-country route will make up for your troubles.

Waco is still reached by Lott, Chilton and Mooreville.

Houston via Hearne is good.

Caldwell via Milano, the highway is improving and fair at the present time.

Giddings, LaGrange and Victoria can be reached over the DWFG highway and will be found fair.

B. LOEWENSTEIN, PIONEER CITIZEN, BURRIED SUNDAY

THOUSANDS MOURN PASSING OF ROCKDALE BUSINESS MAN.

B. Loewenstein, Sr., for many years an outstanding citizen of Milam county and active in business and civic affairs of his home town of Rockdale, died Friday morning in the Cameron hospital after several weeks of illness.

The funeral was held in Rockdale Sunday and was attended by hundreds from all over the county. Hon. E. A. Camp of Rockdale, fellow-townsman, delivered an address eulogising the departed pioneer. The body was taken in charge by the Henne Meyer undertaking parlors in Cameron, the funeral being directed by the firm.

Mr. Loewenstein was operated on at the hospital on February 11. His condition had been serious prior to that time and despite the best of medical skill and attention, he could not survive.

The death of Mr. Loewenstein, while deeply mourned by his many friends in Rockdale, has bereaved the entire county, for a life such as his, spent in the broad avenues of citizen in the fullest sense, made him essentially a county wide citizen.

B. Loewenstein was born March 2, 1845 in the Province of Posen, Prussia. He came to America in 1866, to Texas in 1968 and to Rockdale in 1873. He entered the mercantile business with his brother Joe Loewenstein and built up a large business, accumulating considerable property. The firm was dissolved in 1895.

As a citizen he was active in his all worthy enterprises. He helped organize banks and industries in his home city and was a builder in every way.

He is survived by his widow and two sons, Ben L. Loewenstein of Rockdale and Robert Loewenstein of New York City. Also one brother Joe Loewenstein of Houston. Rabbi Henry Barneston of Houston, a life long friend of Mr. Loewenstein and the faimly conducted the funeral services.

The Herald extends its sympathy to the beareaved family.

THIRTY-FOUR BILLS RETURNED BY GRAND JURY IN CAMERON

SESSION OF SEVEN DAYS END WEDNESDAY WITH INDICTMENTS.

Thirty-four bills of indictment were returned by the Grand Jury in the District Court which made its report to the court on Wednesday.

Twenty-seven of the indictments are for the grade of felony and seven are misdemeanor cases.

The list of indictments have not been announced at the office of Penn Wolf, clerk of the court, but as soon as arrests have been made they will be given out.

The following is the report of the Jury:

"The Grand Jury duly organized and empanneled at the May Term A. D. 1923, and duly charged to inquire into and true presentment make of all offenses committed within the body of the county afroesaid, beg to report that we have been in session seven days and have examined two hundred witnesses and return herewith 34 true bills of indictment, 27 of the grade of felony and 7 of the grade of misdemeanor.

"We desire to thank the officers of the court and the various bailiffs who have assisted us in our deliberations. And now having compelted our labors, we ask to be finally discharged.

Respectfully submitted,
JUDD G. DAVIS, Foreman.
Attest—S. M. Corley, Secretary.

TRAIN KILLS TWO TEXANS AT DAYTON.

Dayton, Ohio, May 16.—Chester Bafford and wife of San Antonio, Texas were instantly killed when their automobile was struck and demolished by a Dayton and Western electric car, bound for Indianapolis, 15 miles west of Dayton, today.

Identification cards in the dead man's pockets show him to have been a World War veteran and Modern Woodman.

It is believed the two were making an automobile tour through the East.

The accident occurred as they were in the act of entering a tourist camp a mile east of West Alexandria.

The machine was dragged 200 feet by the car before the latter could be brought to a stop.

CAMERON COMETS TO PLAY BEAUMONT OF TEXAS LEAGUE

MANAGER ROGERS ASSEMBLING CLUB AND MAKING OUT SCHEDULE.

The base ball season will open in Cameron on June 1 with a game at Athletic Park between Beaumont of the Texas League and the Cameron Comets.

Manager Wm. R. Rogers of the Comets is this week assembling the club. He is combing the country for the best possible material and Thursday morning said he expects to have a stronger club than the 1922 team which not only won the Central Texas Championship but won over some of the best college clubs in Texas.

At present Manager Rogers is selecting an infield and the shortstop and third base problem is causing the most worry. The pitching staff has been practically settled upon but so far he has not landed a catcher who can meet the requirements of the Comet class of base ball.

The game here on June 1 with Beaumont is one of a series of three games with Texas League clubs, the others to be played later, one with San Antonio and the other with Galveston.

On First Monday—Trades Day—a game has been matched with Rosebud at Athletic park. In addition to the Chautauqua and trades bay bargains the people will have the opportunity of seeing a first rate ball game. Rosebud is said to have a strong team this year and is putting ample finance behind it.

Local finance for the ball club is satisfactory and this week the committees will complete the work.

A CORRECTION.

The ladies of St. Rita's Circle of the Catholic church have changed the date of their supper on the lawn of the church from Wednesday May 23 to Tuesday May 22. A notice having already been run giving the date for the 23rd will be disregarded and this will serve as a correction of the date.

Mr. and Mrs. Tom Henderson, Sr., spent several days last week in Austin visiting their daughter. Mrs. Wells, who lives there, and Miss Harriett Henderson, student in State University. They attended the Fortieth Anniversary of the State University. Mr. Henderson, for a number of years, was chairman of "The Board of Regents" of the University. This was a very enjoyable affair and a real get-together meeting of old friends.

Mrs. R. V. Ramsour, of Snider, left for her home Monday after a pleasant visit of a few days with her parents, Mr. and Mrs. John Woolley.

CAMERON LAWYER WILL POINT WAY TO GREATER CITY

ADDRESS FRIDAY NIGHT WILL FORM OUTLINE OF PROGRAM FOR THE YEAR.

The following announcement is made by the secretary of the Commercial Club about the meeting here on Friday night:

"Cameron's Possibilities" will be subject of an address to be delivered before the Cameron Commercial Club Friday night at 8 o'clock by T. S. Henderson, Jr., and the entire citizenship of the city is invited to be present. The club meets in the district court room of the court house.

"Mr. Henderson was invited last Friday night to make this address. He has given the matter thorough study and careful consideration and will have a message of vital interest to the people.

"The Commercial Club has been instrumental in securing the Owens' Refinery, 150 miles of good roads in Milam county, including the Jones Prairie road from Silver City to Boeker's corner that is now under construction, and has sponsored many other worth-while projects. However, there are even greater things that can be achieved if we take advantage of our opportunities.

"In these days of competition and strife, a city is bound to either go forward or backward. It is therefore necessary that the Commercial Club outline a definite program and spare no effort in achieving that goal.

"In his speech tomorrow night, Mr. Henderson will show the things for which Cameron is best adapted. His speech will be interesting and instructive and a large attendance is expected."

CIVIC GATHERINGS SHOW APPRECIATION FOR CITY PARKS

PARENT-TEACHERS' ASSOCIATION PROMOTE ANNUAL MAY FETE.

One of the most delightful affairs ever sponsored by the Parent-Teachers' Association of the Cameron school was the luncheon given Tuesday evening to the members of the Cameron school faculty, their wives and husbands, making a total of forty-two guests. This luncheon was served in the Civic League Park and was an expression from the parents to the teachers for the faithful service rendered during the year just closing.

The Park, which is in full spring dress, was an ideal place for such an occasion, the two course luncheon was perfect in its appointments, the mothers served with grace and dignity and the teachers proved delightful guests.

At the conclusion of the repast, Miss Ada Henderson, superintendent of the primary department, was called upon to act as toast mistress. The toasts proposed and the responses given, which were entirely impromptu showed the faculty to be ready with wit and repartee.

This delightful occasion was followed by a community get-to-gether meeting. The pupils of the third and fourth grades appeared in a Spring Operetta which pleased the folks and reflected credit upon the faithful teachers who had drilled them for the parts.

Mrs. Howard Baskin, president of the P. T. A. made a strong appeal for her organization, showing the necessity for co-operation and urged all partons who had not yet done so, to enroll as members before the beginning of the next school term.

Roy Baskin, spoke for the Civic League and voiced the sentiments of the crowd when he expressed appreciation for the play ground equipment placed in the park by the City Fathers and asked that each citizen, old and young, take a personal pride in its unkeep.

The folks who were not eligible to partake of the feast mentioned above, brought their own suppers which they ate in picnic fashion, after which the grown up part of the crowd chatted and the youngsters played.

This May Fete has been instituted by the Parent-teachers' Association and will be an annual affair.

The Cameron Municipal Band was slated to conclude the program with their opening concert but for some reason failed to appear. This was the the only disappointment of the evening.

ROCKDALE CROPS DAMAGED.

Rockdale, May 15.—Cotton and corn have sustained severe damage by the high winds which prevaled for four days last week, especially on high, hard ground, the ground having been dried out and the young plants whipped by the wind. Rain is now needed, although the last rain was May 3.

COMMENCEMENT WEEK OPENS FRIDAY MAY 16

Commencement week exercises to mark the close of the 1922-23 term of the Cameron schools will begin on Friday night May 16 with a piano and expression recital by the pupils of Mrs. Royal P. Jeter and Russell Harper. On Tuesday morning May 22 Robert Smith will present his junior piano class in recital and on Tuesday Mr. Smith's advanced pupils will be presented in recital assited by the senior pupils of Mr. Harper.

The graduating class of the Yoe history of the school. In all there are thirty-eight members of the High School for 1923 is one of the largest and most promising in the Seinor or graduating class as follows:

Avis Maye Wilson, Kathryne Pauline Green, Mildred Young Moore, Lucile DuBois, Mattie Baynelle Everett, Joe Clarence Evans, W. D. Blackstone, Lois Camp, Martha Lou Hooks, Jack Lewis Hearrell, Verna Elba Wallace, Benjamin Bassett Watson, Samuel Hayden Willis, Harleigh Heath McGregor, Henderson Walker, Artie Lee Hargrove, Franklin Joseph Dusek, Marvin Walter Sykes, G. B. Taylor, Jr., Albert Eugene Green, Sallie Belle Coleman, Evelyn Pearl Payne, Willard Lewis Keith, Mary Frances Green, Olive Henderson, Mary Alice Lawrence, Flora Kestenbaum, Goldy Eloise Burke, Alton Epps Baggett, Nell Maves, Ruth Virginia Redfield, Lyons William McCall, John Henry Yoe, Milton Ray Mayfield, Leonard Sparks Mewhinney, Ralph Edwin Joynes, J. A. Ely, Carl Houston Thomas.

Senior examinations will be completed this week and it will then be determined the order in which the pupils graduate with a consequent awarding of honors.

All other classes and grades in the school will begin their examinations at noon Tuesday May 22 and close Thursday noon May 24.

One of the outstanding features of commencement week is the Senior Play which will be held Friday night May 25 at the Yoe High School auditorium. The best talent from the membership has been placed to the best advantage and the play from an art standpoint will excell all other events of the week. Preparations are now under way to arrange as large seating capacity as possible for that night as the entire city and surrounding school territory will contribute to the audience.

On Sunday morning May 27 at the Methodist church Dr. Dawson pastor of the First Baptist church in Waco, will preach the Commencement sermon. Churches are expected to dismiss their regular morning worship so the congregations may attend the exercises.

Contributing to the events of the commencement week program will be the grammar school exercises at the grammar school building Monday Morning May 21 beginning at nine o'clock. Promotion certificates will be awarded to about 50 who will graduate from the grammar school in the seventh grade.

Tuesday night May 29 is the crowning event of the week of program when the graduation exercises will be held in the Yoe High School building.

Supt. L. H. Kidd has not yet secured a speaker to deliver the graduating address but hopes to be able to announce the speaker by Sunday or Monday.

The school has been unusually successful this year both in the character and scope of work done by the pupils as well as the number to graduate from the various grades.

The school has made a brilliant record in athletics and in the sciences, arts and in the commercial department, each division of the study course finding its just share of the honors and the students who are promoted.

FRED H. GRAVES ROCKDALE BANKER DIES SUDDENLY

NATIVE OF MILAM COUNTY MOURNED BY HUNDREDS OF PERSONAL FRIENDS.

Fred H. Graves of Rockdale, cashier of the Rockdale State Bank, 40 years of age, died suddenly at his home in Rockdale Wednesday morning from heart failure.

This was the second attack of heart trouble within the past week or ten days.

The death of Mr. Graves came with a shock to his hundreds of friends in Cameron and throughout the county. He was born and reared in Milam county and had long been prominent in business and social circles of the county.

He is survived by his widow and two children; mother, Mrs. Alice Graves of Rockdale, two brothers, Preston Graves of San Gabriel and Rufus Graves of Lilac; and one sister, Mrs. Dr. Barclay of Rockdale.

Mr. Graves was a cousin of Geo. T. Graves of this city, cashier of the Cameron State Bank.

His death has taken from the ranks of Milam county business men, one of its most esteemed and valuable representative. Hundreds of friends and acquaintances throughout the state will mourn the death of Mr. Graves.

The Commissioners Court out of respect to the late Fred H. Graves of Rockdale, adjourned Wednesday and attended the funeral in a body. Mr. Graves was formerly connected with the court as assistant county clerk.

The Herald extends its sympathy to the bereaved relatives.

TARIFF IS HURTING FARMERS.

Reports covering increases in the wholesale prices of consumers' commodities between March, 1922, and March, 1923 disclose that the farmer has been hurt and not helpd by the Fordney-McCumber Profiteers' tariff. The Department of Labor's latest figures show that while agricultural products have advanced slightly in the last thirteen months everything the farmer buys has risen quite as much or a good deal more, and almost nothing he uses has grown cheaper.

Compared with March, 1922, the average wholesale price of farm products has increased 12 points, according to the official statistics of the Department of Labor. At the same time the prices of various necessaries which the farmer consumes have risen two or three times higher. Some of the increases registered during the year were: Clothing, 27 points; building materials, 45 points; metals, 40 points; fuel, 15 points; furniture, 10 points; drugs, medicines and chemicals, 17 points.

The survey reveals that of these seven principal groups of commodities in which are included practically everything that the farmer needs in the way of food, clothing, fuel, shelter, and health, and for the cultivation and harvesting of his crops and the maintenance and improvement of his buildings and equipment, only two show declines when the prices are contrasted with those of a year ago. And the average price of these commodities—furniture, and drugs, medicines, and chemicals—is only 2 points below the average wholesale price of farm products.

The heavy duties imposed by the Fordney-McCumber law on manufactures enabled certain big interests, like the Steel Trust, the Chemical Trust, the Wool Trust, the Sugar Trust, the Pottery Trust, etc., to add the tariff and a big profit to the prices of their products, which the Republican tax on foreign manufactures really protected from competition. But the prices of agricultural products were fixed not by an American law, which had no force or effect beyond the confines of the United States, but by conditions in the markets of the world.

The farmer is now buying in a market which the Republican tariff restricts and controls for the special behoof of big interests, and he is selling in a market which is governed by the law of supply and demand operating without artificial restraint or influence of any kind. In short, the farmer has to buy from those who have the advantage of "protection" and yet must sell to those who have the benefit of competition.

"The Battle Ground of Reason"

SHALL SUPPLY AND DEMAND OR WALL STREET GAMBLERS FIX COTTON PRICE

I have observed with interest the progress of the Co-operative Marketing Association campaign as reported in the Temple Telegram I have also observed with interest the reports from Wall street of very heavy sales of cotton to be delivered next October at prices from three to five cts. below the present quotations for spot cotton, by parties who neither own nor control a single bale of cotton. As I read these two reports this thought came into my mind: If the cotton producers of the South decided to join this Coperative Marketing Association, and then when October comes, the month for deliverv of this cotton which the speculator is now selling at prices much below its present value and the Coperative Marketing Association decided it would sell only such a portion of the crop during the month of October as the spinners would take at fair and reasonable prices. What effect if any would it have upon those who have sold a product to which the Coperative Marketing holds title?

If the cotton producers join this association, would it not be possible through co-operation to so pitch their crops by diversification so as to avoid an over-production of cotton?

The surplus has been what the speculators have used in the past to depress the cotton far below its intrinsic value. Cotton which can be raised profitably in only a small area is needed in all parts of the world and the fact that the South has a monoply on its production would not justify an organization which existed only for the purpose of exacting unreasonable prices for a necessary commodity. But past experience has convinced the cotton producers that co-operation in both planting and marketing is necessary to remove their product from the complete domination of speculators.

Manipulation of the market by speculation has depressed the price of cotton eight cents per pound within the past thirty days and coming at this time when little if any spot cotton is put on the market gives additional support to the idea that prevails among those interested in the cotton industry that cotton must be placed where it can no longer become the foot-ball of gamblers.

Going into a new season with a surplus of less than three million bales is giving support to the idea held by many of the best posted men of the South, that the South is in a position to carry the cotton crop through a period of orderly marketing. Some safe guard must be thrown around the cotton producer to prevent the recurring of the disaster which threatened the destruction of their industry in 1914 and 1920 from which the producer is slowly and painfully recovering.

The producers holds the key to the situation and its theirs to decide whether they will meet the responsibilities which they owe to their families and their communities or whether they will continue to deliver to those who neither toil or spin, but sell at will the fruits of the toil of Women and children a product which is owned and should and can be controlled by the producer.

OLE FREADUM UNEARTHS A PLOT.

The Cameron Herald.
To Whom It May Concern:

I would have writ last week but I was very busy unearthin an other plot. The devil's to pay agin. You see them darn K. K. K.'s got busy jest as quick as tha found out that we boys had quit workin the roads, and now tha are laying plans to work all the roads tha selves, (them and tha friends). So now boys lets stand firm for our rites, liberties and freadum from workin the roads for other people to enjoy. The idea of frea born citizens being made to work the roads against the dictates of tha own conshunce, its "unconstitushional." Now there fore when we see any body workin the roads we no tha are K. K. K.'s or tha friends, or protestants or sumethin. And you no this same bunch is plottin rite now to put the roads in good shape so as to preswade or decoy the people all to go to the churches this summer so tha can pervert every body to tha way of thinkin. But tha cant do it. And I am thankfull to the most wholy apes and crocodiles that for the past million years our line of succession has held stadfast and complete, and it can not be shaken or wafted about as chaff before the wind.

But that is not all. Tha would compass heaven and earth to claim every thing or do any thing. And now tha are claimin that Tootomkerman was a K. K. K. or protestant or prohibitionist or somethin. Tha say to prove it that tha found more letter K's on the walls and around than any other letters and he was a protestant because they found several contribution boxes and they were all empty. And that he was prohibitionist because in all the treasures stored they did not find a bit of fine old "bottled in bond" or Egyptian wine or Turkish coniac, altho, tha found containers of various kinds. But I say tha have not proved any thing. Now here is my theory. He might have been a K. C. for tha found about as many C's as tha did K's and them contribution boxes were simply used to take up alms for the poor but owing to an other rise in the price of gasoline they probably didn't git any thing. And then about finding no old wines, etc., Hoo noes but what Tootonkerman used it all up trying to git well. No dout but Tootankerman was a great man and modeled fassions for the ladies, etc., but he wuzent no K. K. K.

They would flatten the earth to kerb our rights
They would scrape the bottom of the sea
They would compass the world for one proselyte
They would prohibit the world to be.

LEGION COMMANDER SCORES DEMPSEY IN DISCUSSING BOUT

HEAVY WEIGHT CHAMPION WOULD NOT FIGHT FOR AMERICA SAYS OWSLEY

Indianapolis, May 16.—Alvin M. Owsley, national commander of the American Legion, in a statement today declared he desired, "to remove the impression that the legion is connected in any respect" with the Jack Mempsey-Tom Gibbons heayweight championship matter to be held at Shelby, Mont., July 4.

Loy J. Molumby commander of the Montana department of the Legion, one of the promoters of the bout, is acting as a private individual, Commander Owsley contends, because his statement said:

"Moulmby has never received the authorization of the legion to act as its representative in arranging the match."

"The holding of a prize fight for the world's championship between two professional pugilists whose sole object in staging an exhibition of prolonged mauling of bodies is the accumulation of a supply of money can hardly be said to be in accord with the high ideals and purposes of an organization composed of men who fought a real fight for a worthy cause," Commander Owsley said.

"The American Legion can not permit its name to be used in connection with a mercenary undertaking of this nature, to be held on a day sacred to the deeds of our forefathers.

"There is a vast difference between clean amateur boxing contests in which men engage themselves for the sake of the sport itself and the professional bouts.

"The legion has never opposed the manly art of boxing.

"If the legion were interested in professional boxing, it would be hard to believe that it would sponsor a contest in which Jack Dempsey is one of the participants. The legion holds no enimity for Dempsey but its members can not forget that the heavy weight champion of the world remained safe in the shipyards in America while the finest men of our Nation were advancing in the face of almost certain death on the battlefields of Europe.

"Loy J. Molumby commander of the department of the legion, who is one of the promoters of this bout, has never received the authorization of the legion to act as its representative in arranging the match. His actions are those of a private individual.

"The legion will not be influenced by any promise that a hospital for disabled men will be built from a part of the proceeds of this fight. I believe that if a hospital is needed, the patriotic citizens of Montana will find a more appropriate manner of raising funds for the relief of men who were stricken on the battlefield while Dempsey was several thousand miles away."

WILL NOT GIVE AWAY BUICK AUTOMOBILE.

The Schiller-Buick Company will not award free the Buick Automobile as advertised because it has been found to be impractical to send the matter through the mails and Mr. Schiller has asked that announcement be made canceling the proposed free gift of the car.

Instead Mr. Schiller is selling a large tire stock at unheard of prices. He had originally planned to give away a Buick car to the holder of the lucky number, tickets eing given with the purchase of batteries, bumpers and tires.

Owing to postal regulations this matter cannot be mailed through the post office.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and youthfulness to hair when faded, streaked or gray

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

STAB IN THROAT ENDS ROCKDALE WOMAN'S LIFE.

SUICIDE VERDICT RENDERED BY JUSTICE FOLLOWING TRAGEDY.

Rockdale, May 10.—With her throat cut from ear to ear, juglar vein and windpipe severed, Mrs. Laura Burges died almost instantly this morning in the rear of a restaurant operated by herself and her husband, O. K. Burges.

The couple came to Rockdale from Belton three months ago and bought the restaurant. Mrs. Burges was 53 years old and the mother of several children by aonther marriage. Bad health had caused despondency for a month.

Judge Ed. Gunn held a corner's inquest and states that all circumstances indicate suicide.

The husband reached Mrs. Burges' side just as she expired.

RESPONSIBILITY FOR FEBRUARY FIRE IS CHARGED TO YOUNG MEN—ARRESTS.

Following the robbery of the Thorndale Dry Goods and Grocery Co.'s store here about two weeks ago and the investigation made of this deplorable affair by Sheriff Rogers of Cameron and Constable James of Thorndale, new light is being thrown on a series of burglaries of a like nature which has caused our people no little worry and vexation of spirit for the past two or three years. The officers have spared no effort or means since the fire which destroyed three business houses here on the night of Feb. 4 of this year, including the M. E. Fisher & Son's stock of dry goods and the building which they occupied, owned by John Morebe, the Thorndale State Bank building, the second story of which was occupied by the Masonic Lodge, and the J. M. Gilchrist building, which at that time was empty and being remodeled, all of which was a total loss, with some insurance carried by each of the persons and firms mentioned.

Following the arrest of Robert Picket and Johnnie Shavers, charged with participating in the Thorndale Dry Goods and Grocery Company's store, Monroe Burkhart, Balcam Martin, white and Lonnie Washington, colred, were charged with burglarizing the M. E. Fisher & Son's store and also with the responsibility for the fire which destroyed the three business buildings in the heart of the business portion of Thorndale. Monroe Burkhart and Lonnie Washington were arrested and taken to Cameron for examination but the Martin boy has not been located, he having left Thorndale several weeks ago in search of employment. A good portion of goods, identified by Mr Fisher as being a part of his former stock, has been recovered and the boys are said to have confessed to the charges filed against them.

The fact that the mystery surrounding the sporadic burglaries which have terrorized our people in the past, appear to be becoming less mysterious from day to day is of great consolation here, notwithstanding the cold, sad and regretable fact that no matter who the responsibility rests upon justly for the offense thus committed against the peace and dignity of the State, somebody will suffer and that somebody of course was once a baby—pure and clean in mind and body—and rested securely in the crook of his mother's or their mothers' arm, free from the contaminating influence of the world and its ways. They were loved then and they are loved now. How nice it would be if our natures did not change with age, which reminds us that, "Nature is seldom wrong, custom always," and, "I fain we call old notions fudge and bend our conscience to our dealings (custom); the ten commandments will not budge and stealing will continue stealing," in Milam county, the State of Texas and the world. It must be so.—Thorndale Champion.

JESSE SCHRADER SCALDED.

Jesse Schrader, son of Emil Schrader, sustained a very badly burned face Sunday while washing some milk vesels used in connection with his father's dairy business. Jesse was washing some pans and buckets he had used while making ice cream and had a bucket of boiling-hot water in his hand when he stumbled over some obstruction and fell, with the result that the hot water dashed into his face, severely scalding one side of the boy's face. Dr. Terry was called and treated the wound and says, when seen by a representative of the Champion on Monday, that it was his opinion that the burns, while very severe and consequently painful, would not leave a scare.—Thorndale Champion.

TRACTOR FALLS ON BOY WITHOUT KILLING HIM—DROPS 10 FEET INTO MUD

Grover Lucas, of Minerva, got the scare of his life last Saturday about noon when he saw a tractor driven by his two little boys, turn over, carrying one of the boys with it and pinning him underneath

Mr. Lucas was engaged in dragging the public road near Minerva. The boys, Clayton, age 11, and Hugh, age 9, were riding on the tractor, the elder lad driving. Mr. Lucas himself was in the rear attending to the drag. Just as the tractor approached the bridge over Sanders branch, its young driver looked back, and in so doing guided the machine off the side of the bridge. Clayton jumped to saftey as the tractor plunged over, but Hugh clutched the seat and went down with the heavy machine—a sheer drop of ten feet into mud and water.

When his father reached the boy he found him wedged under the tractor, the soft mud having evidently saved his life. To add to the father's horror the tractor caught fire, and the lad was subjected to the danger of death from three causes—the fall by drowning and by being burned to death. By quick work Mr. Lucas succeeded in disengaging the lad before the flames had made much headway.

The fall gave the lad such a severe scare that he suffered a hard chill, but after being given a bath and put to bed for an hour between hot blankets he quickly recovered and was able to accompany his father to Rockdale that afternoon, showing no effects of his experience beyond a few scrathes.

The tractor sustained considerable damage in the fall and by reason of the fire.—Rockdale Reporter.

INDICATIONS LOOK FAVORABLE FOR CORN SHIPPING.

Chas. A. Davis, cashier of the First National Bank, and who is sponsoring the effort being made here to ship roasting ears to the eastern and northern markets in car lots, informs the Champion that there are about twenty-five or thirty farmers working co-operatively in an effort to provide roasting ears in suffficient quantity to warrant a buyer to come to Thorndale and buy the corn and ship it in car load lots to market.

Mr. Davis says this number of progressive farmers in this community have planted early, using the white corn as requested, and that every indictation at this time looks favorable for a profitable beginning of this new feature of diversified farming and source of "ready cash" at a time when it is most needed. Mr. Davis has taken the initiative in this move with a view of rendering the community a service and the Champion hopes that his ambition may be fully realized.—Thorndale Champion.

Miss Nell Du Bois has returned from a pleasant visit to San Marcos last week. Miss Nell was sponsor for the fire boys from here and appeared on the program that was given in their honor while there.

Moulton Cobb visited in Thorndale last Thursday.

"Strong and Well"

"I WISH you could know how much I am improved since taking the Cardui," writes Mrs. Nannie Brown, of Black Rock, Ark. "You wouldn't know me for the same weak invalid I was before I took it. At my . . . I had to keep off my feet or I would fall. I couldn't do my housework, and just got where I'd most as lief be dead as living. Some one told my husband of Cardui. He got it for me and I took three bottles before I stopped—then off and on for the last three years just as a tonic. I saw a decided improvement after my first bottle. I used the three, and was able to do my work with ease, and now I sew for my family and for others. I am feeling fine, and strong and well."

Take Cardui! It may be just the medicine you need.

TWO ARE SLAIN ON COURTHOUSE STEPS

DIMMITT MEN ARE INSTANTLY KILLED AT CROSBYTON MONDAY.

Crosbyton, Crosby Co., Texas May 4.—Shortly after District Court convened Monday morning, Maud Dippy and J. Sweaza of Dimmitt, Castro county, who were seated on the court house steps, were shot and instantly killed by a fusilade of pistol bullets.

Six bullets penetrated Rippy's body, one of the shots going into his heart. Sweaza was shot twice once through the heart.

D. L. Payne of Lamesa, formerly of Ralls, surrendered to the Sheriff of Crosby county following the shooting and was taken to Lubbock, where he was placed in jail. It is alleged that two pistols were used.

Rippy and Sweaza were at the east entrance of the court house, conversing with their attorney, a Mr. Martin of Plainview, when the shots were fired.

About eight months ago while Payne was working in his garden at Ralls, three men passed his house in an automobile and begin firing at Payne with a shotgun.

Maud Rippy, Dick Rippy and J. Sweaza were charged with the shooting and this case was to have been heard at the present term of court.

Dick Rippy, one of the defendants, was in the court house at the time of the tragedy Monday morning.

ANNOUNCEMENT

The Home Benefit Association of Falls County, Texas sends its greetings to the good people of Milam County and invites them to participate in the benefits of this Association.

Briefly stated—The Home Benefit Association is a local mutual aid association organized under the authority of the Revised Statutes of the State of Texas for the purpose of supplying the universial need of Life Insurance at actual cost.

All members must pass a doctor's examination and must, at the time of joining, be living within 50 miles of Marlin. A member may move anywhere after joining and still retain his membership in the Association.

There is no litigation or red tape about the Home Benefit Association. Since the organization of the association SIX YEARS AGO, all death claims have been paid at once—usually before the funeral of the deceased member.

The membership is divided according to ages into six classes. The same person may hold membership in two or more classes.

We reproduce below a copy of the last notice mailed to our members:

COLD FACTS—The ages of and the total assessments in the different classes to date are as follows: Class A, 6 years, 25 assmts.; Class B, 6 years, 18 assmts.; Class C, 3 1-2 years, 15 assmts.; Class D (Senior) 2 1-2 years, 9 assmts.; Class E, 1-2 year, no assmt.; Class F, 1-2 year, 1 assmt.

Death claims are paid at once—usually before the funeral.

Dr. J. W. Torbett, Pres. J. C. Fountain, V-Pres. Michael S. Hunt, Sec'y-Treas.

MARLIN, Texas, May 9, 1923—Monroe W. White, who died at Rosebud, Texas, was a member in good standing in this Association, Class A.

The beneficiary was paid $1000 at once from Class A.

Each member in this class is due $1.10 now, and unless paid by SATURDAY MAY 19, 1923, your policy will be suspended.

This card is a receipt when stamped paid at the following banks out of Marlin: State Bank, Riesel; State Bank, Otto; First State Bank, Chilton; Lott State Bank; First National Bank, Kosse; State Bank, Perry; State Bank, Regan; Planters National Bank, Rosebud; State Bank, Bremond; First National Bank, Mart; Central National Bank, Waco; State Bank, Travis, or mail this card with your check or money order to Home Benefit Association, Marlin, Texas.

I will collect your assessments through your banker if you have given me the authority to do so. If you want this card back put a 1 cent stamp on it.

This Assocation is not connected or affiliated with any other organization.

Robert D. Peterson, Cashier. Respectfully, Michael S. Hunt, Sec'y and Mgr.

Class A $1.10 Each Member

If this card is addressed to Mr. and Mrs. it calls for $2.20

NEXT DEATH, A FREE ASSESSMENT—We will pay out of the accumulated reserve $1000.00 to the beneficiary of the next member to die in Class A without making an assessment on the members.

Our next assessment notice will include the names of Ben Arnold State Bank and the Citizens Bank of Cameron in the list of depositories.

This institution has passed the experimental stage and is today the largest local, mutual aid association in the State of Texas. The association needs your membership, but not quite so badly as you need the insurance protection the Home Benefit Association has to offer you.

The development of the Milam County field will be under the personal direction of Mr. Tom B. Maris, who has been a citizen of Rosebud for the past ten years and who holds a reputation in his home town for his dependability, integrity, and aggressiveness.

If interested in the details of membership or an agency contract, apply to Mr. Tom B. Maris, Cameron, Texas, or write to the home office direct.

"Destructive Labor Monopoly" Deplored By Liberal Leaders; Coal Commission Gets Charges

TRACY W. GUTHRIE COL. HENRY L. STIMSON

Tracy W. Guthrie, prominent coal operator of Pittsburgh, and Colonel Henry L. Stimson, former Secretary of War, are two nationally known figures engaged in the effort of the Bituminous Operators' Special Committee to get the facts of that industry before the United States Coal Commission and the public.

Colonel Stimson and his associate, Goldthwaite Dorr, are counsel for the special committee. Both are noted as liberals since the days when Colonel Stimson was personal advisor to the late Theodore Roosevelt and later, when he, assisted by Mr. Dorr, waged war against trusts as U. S. District Attorney in New York.

The two attorneys, in a series of briefs before the Coal Commission, have centered arguments on the alleged monopoly of labor forced on the mine owners and the public by the United Mine Workers of America and on what the briefs charge is deliberate, organized violence to support and extend that monopoly.

Colonel Stimson was recently quoted as saying:

"We had hoped to base our studies solely on economic remedies, but careful study has convinced us that no palliatives in the coal industry will serve until the vital cancer of intolerable labor monopoly is cured. We make no war on union labor as such, but the present ideals and methods of the United Mine Workers of America, financed by an annual 'check-off,' totalling far more than $15,000,000, are as greatly inimical to the cause of labor and the development of the republic as they are to the coal industry itself."

John C. Brydon, of Somerset, Pa., is chairman of the special committee. It has asked the United States Coal Commission for public hearings at which to substantiate its charges that deliberate and costly warfare on the part of the miners' union keeps 200,000 surplus men partially employed at abnormal wages, starves the public into submission to demands that are aimed not against operators but against the whole nation, and constitutes "the chief deterrent to satisfactory supply of coal at fair prices."

Mrs. Laura B. Hunt of Waco and H. H. Hunt and little daughter, Laurabelle, of Mexia arrived Saturday to spend a few days with Mrs. Henry Hefley. Mrs. Hunt is Mrs. Hefley's mother and Mr. Hunt is a brother. This was a happy family gathering for Mothers' Day.

Miss Rosa Kemp, of Rosebud was the guest of Miss Delphya Scott last Sunday.

Mr. and Mrs. Kemp and son, Marshall, of Rosebud visited in the some of Judge and Mrs. Simmie Burns last Sunday.

NO TRACE FOUND OF JAIL BREAKERS

BELIEVE MEN HELD ON AUTO THEFT CHARGES LEAVE STATE.

Up to noon Wednesday no trace had been found by the Sheriff's Department of Emmett Bounds and Walter Petty who broke jail here on April 16.

They were held in connection with auto and accessory thefts from stores in Yarrellton and Rogers. Investigation resulted in the arrest of seven men connected with these thefts. One complete automobile was found to have been dismantled and burried in a cotton field then under cultivation.

The men broke jail by escaping from the cell where they found a missing bar. They are thought to have made their way to the roof of the jail and jumped to the ground.

It is believed that the me left the county. They have relatives living near Yarrellton and Rogers.

CAMERON DEBATING TEAM PRAISED BY JOYCE COX AS JUDGE IN CONTEST.

Joyce Cox of Cameron, one of the judges in the recent meet at Austin when the Cameron Debating team met the best high schools of Texas, has written to his father M. G. Cox of Cameron praising the showin of the team which was accorded second honors.

Joyce has just been elected president of the Athenaeun Literary Society for the first term next year an honor seldom bestowed on a student spending his second year in the University.

Speaking of the Cameron debating team Joyce says:

"Cameron has covered herself with glory. The team that debated Cameron and beat Cameron will be the champion. I know because I judged the semi-finals and the team that she has to face is weak.

"The team which beat Cameron has lost only two decisions out of the twenty that have been rendered in debates she has participated in.

Cameron got one of those. The vote being 2 to 1. Temple got the other, the vote being 4 to 1."

DEATH OF A WELL KNOWN EVANGELIST.

Dr. J. L. Bowling, a well known evangelist of the Southern Presbytetrian church, died suddenly in Marlin Sunday May 13, where he had gone for rest and recuperation.

Dr. Bowling conducted a series of evangelistic services in the local Presbyterian church in February 1922. Those who attended these services, remember his splendid gospel messages. His death is a distinct loss to the church.

FAMOUS LECTURER TO BE IN BELTON

'PUSSYFOOT' JOHNSON TO TALK AT BAYLOR COLLEGE NEXT SUNDAY NIGHT.

Belton, May 14.—Wm. E. ("Pussyfoot") Johnson, noted prohibition leader, will deliver a free lecture for the public at Alma Reeves chapel at Baylor here Sunday night, May 20.

Mr. Johnson has recently returned from a speaking tour of the Orient, including India, New Zeland and Australia, and will sail again in a few weeks for England. It was in England where he gained such world-wide publicity when he was attacked while delivering a prohibition lecture. He was "ridden on a rail' by his assailants, after he had lost one of his eyes when struck by a missile hurled at the speaker's platform .

"Pussyfoot" Johnson came into early fame as a prohibition agent in the Indian Territory and north Texas when President Roosevelt sent him into that section to clean up the desperadoes and whisky runners infesting north Texas and Oklahoma (Indian Territory at that time.) His wonderful ability as a detective won the admiration of the Indians, who named him "Pussyfoot."

In England, where he will return soon, his wonderful gameness and generous attitude toward his assailants instantly won the admiration of the sport-loving Britishers, and he quickly became a great favorite in England, despite his unpopular views on temperance there.

MEET ABE AND MAKRUSS.

"The sweetest words of tongue or pen,
Are simply these, 'enclosed find check."

When you watch Abe Potash sake the envelopes for checks, you get a big laugh. How many times have you done it yourself?

That is why "Potash and Perlmutter" from the greatest stories by Montague Glass, get to you. They portray realities of business life. These two loyal Americans of alien parentage have first of all acute business sense. It isn't often that anything overshadows that.

But underneath all this bickering and "business first" stuff there is real heart interest and genuine manhood in both Abe and Marwruss. They create gales of laughter because their impulses are true to life. But there are serious moments too—and they ring true as well.

Potash and Perlmutter has been one of the great successes of the Amercian stage. It dipicts things and situations that are peculiarly American. It is the work of one of the American's great humorists—who is a philosopher as well.

The Premier Circuit of Redpath-Horner presents Potash and Perlmutter with a notable cast, including Edward Elias of "Auctioneer" fame, one of the great dialect charcter actors in just this sort of plays. A distinguished production is assured.

Clean Kidneys By Drinking Lots of Water

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

MULE 34 YEARS OLD WAS BORN IN MILAM COUNTY.

Winters, May 14.—Queen, an old and respected "citizen" of this county, looked out of her stall window at the green pastures, the trees and the low hills and thought, even if she didn't say so, that the world is good. But her mind didn't wdell long on the beauties of nature for she became greatly interested in her birthday present of good, old oats and fixins, brought by her owner, W. S. Davis. For Queen had just reached her thrity-fourth birthday.

Queen is a mule, likely the oldest in the world, and despite her age is still "hale and hearty and in possession of all her faculties," as reporters are fond of writing up old folk.

The mule was born April 15, 1889, on the W. B. Rranch in Milam county, and Davis brought her to his Winters farm in 1902. Each of Davis' four sons learned to ride and to plow with Queen. She is on the "pension list" now and her chief duty is to grow older day by day.

HULL YOUNGBLOOD IS IN LOUISIANA

HE WILL NOT APPEAR BEFORE THE LEGISLATURE TO TESTIFY.

San Antonio, Texas, May 14.—Hull Youngblood is in Louisiana and will not appear before the Legislature to submit to questioning concerning the speech he made April 19, severely criticising the present legislative system, it was virtually admitted Monday in a telegram which was sent from San Antonio to the speaker of the House of Representatives and to Representative T. K. Shries, chairman of a joint committee of the House and Senate which sought to compel Youngblood to testify before it regarding the speech.

The telegram was sent after a message had been received at Mr. Yungblood's office from him from Louisiana. The message included a statement bearing on the question of lobbying at Austin and instructed that the statement be telegraphed to Austin. The statement declares that whenever the Legislature seriously desires to investigate the activities of lobbyists and get information as to the defects of the present legislative system, he feels sure "a large fund of information will be readily obtainable."

The statement telegraphed to Austin follows:

"To Speaker of House of Representatives and Representative T. K. Shires, Austin, Texas: By this time everyone should know why I have consistently refused to be tried by the Legislatue for the criticisms I made of the present legislative system. Whenever the Legislature or any of its committees begin a thorough investigation of the activities of lobbyists and seek information as to the defects of the present legislature system and as to the methods of improving same, I am sure a large fund of information will be readily obtainable. I am inclined to believe that a majority of the members of the Legislature are as well acquainted with the defects and shortcomings of the present legislative system as I am and I am further inclined to believe that practically every member of the Legislature is as fully informed concerning the activities of lobbyists as I am. * * * * *

"I believe the public would appreciate a genuine investigation of these matters if there is anything to investigate; otherwise the farce should stop.

"HULL YOUNGBLOOD."

RENEWED TESTMONY

No one in Cameron who suffers backache, headaches, or distressing urinary ills can afford to ignore this Cameron man's twice-told story. It is confirmed testimony that no Cameron resident can doubt.

M. W. Mitchell, retired farmer, 503 E. Fifteenth St., says: "My kidneys were out of order and I had a weakness across my back and loins. The kindey secretions annoyed me by their irregular passage, at times being too free and then again, scanty. Very often the kidney secretions contained a brick-dust-like sediment. A friend recommended Doan's Kidney Pills and I used them. Doan's soon relieved me of all symptoms of kidney complaint."

Over Four Years Later, Mr. Mitchell added: "I feel just as kind toward Doan's Kidney Pills now as when I endorsed them before. Doan's are my standard remedy for kidney complaint."

EIGHTEEN KILLED IN TORNADO AT COLORADO, TEXAS

MITCHELL COUNTY STRICKEN BY WEST TEXAS TWISTER MAY 14.

Colorado, Texas, May 14.—Eighteen persons are known to be dead and between 125 and 130 are injured as a result of a terrific tornado which swept a prosperous farming section of Mitchell county between 4 and 5 o'clock this morning, visiting death and destruction upon a peaceful community as it slept.

Over 300 persons have been made homeless by the disaster and churches and other public buildings in this city have been thrown open to the victims. The injured are being cared for in the local hospital and in the homes of neighbors who escaped the terrific storm.

A car load of relief supplies from Fort Bliss was tonight reported en route to this city. Cots and other hospital equipment are included in the shipment. Tents also are included to help give shelter to the homeless.

A three-months-old baby was found alive in a field. No one knew who or where its parents were. An 18-year-old girl was blown for half a mile and escaped unhurt.

Elmer Bizzel, his wife and their two babies were in a house that was picked up bodily and soared along a considerable distance, being set over in the next field. They were unhurt and the house was intact with some mirrors unbroken.

Mr. and Mrs. I. C. Sheffield, living on a farm south of Westbrook, were blown nearly a mile from where their house stood. It was destroyed and Mr. Sheffield died an hour after being found.

The area affected by the storm is a typical west Texas rolling plain covered with mesquite trees dotting a sandy territory. The path of the storm was a crescent, starting in the Richardson community, six miles southwest of Colorado, and terminating near Loraine.

The twister first struck at the Spade ranch, seven miles south of Colorado City, and moving in a northeasterly direction, passed thrugh the outskirts of Loraine, sweeping a path 200 yards wide and 24 miles long in the county.

Colorado City is on the Texas & Pacific railway, 28 miles west of Sweetwater, and about 37 miles east of Big Springs.

41,631 FORD TRUCKS DELIVERED IN FIRST QUARTER SET RECORD.

Detroit, Michigan, May 15.—Sales of 41,681 Ford Trucks during the first quarter, setting a new high record, bear out predictions made earlier that the use of the one-ton truck in hauling and delivery systems will be greater this year than ever before.

Not only is the Ford Truck rapidly coming into more general use in the commercial field, where its dependability, ease of operation and adaptability to all requirments make it the most popular, but throughout the agricultural sections of the country it is fast being adopted by the farmer as the best means of solving his problem for quick and cheaper transportation of his products from the farm to the city.

March sales of Ford Trucks, which reached the new high mark of 18,727, exceeded by more than 1,000 the sales of the first three months of 1922, toatlling 17,586, and were 50 per cent higher than the sales in February of this year.

BODY OF STUDENT WHO DROWN NEAR AUSTIN RECEIVED.

Austin, Texas, May 13.—Seachers early today discovered the body of Albert McCurdy, theological student who was drowned Thursday night when a canoe in which he and a young woman were riding was overturned in Lake Austin. The body floated to the surface about 300 yards from the spot where young McCurdy assisted his companion in reaching the shore before his energy was exhausted and he sank. McCurdy's funeral Sunday was attended by more than 1,000 fellow students.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

CALOMEL IS A DANGEROUS DRUG

NEXT DOSE MAY SALIVATE YOU LOOSEN TEETH OR START RHEUMATISM.

Calomel is mercury; quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerus calomel. Take a spoonful and if it doesn't start your liver and straigthen you up better and quicker than nasty calomel and without making you sick, you go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Lone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can dot salivate. (H)

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not ...ul, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger.

DEMONSTRATION OF CEMENT ON FARM HERE ON MAY 22

COUNTY AGENT ALSO PLANS TRIP TO A. & M. COLLEGE THIS SUMMER

County Agent George Banzhaf will begin the latter part of May to carry out a schedule of visits with farmers and club boys to A. & M. College to give them instruction in the improved farming and stock raising methods.

Last year in conjunction with the Cameron Commercial Club Mr. Banzhaf made a number of trips to the college and carried with him farmers and local stock and poultry men.

This year Mr. Banzhaf hopes to make a larger number of trips to the college. He is asking the local club to furnish transportation to the college as a means of helping the farmers get in better touch with the improved agricultural methods at the college.

A demonstration to emphasize the value of cement on the farm will be held here on May 22 at 10 a. m. under the direction of the A. & M. College working with the Portland Cement Company.

County Agent George Banzhaf was in Cameron Tuesday to arrange for a location for the demonstration. The Griffith poultry farm north of the city has been selected for the demonstration. Efforts are being made to induce the farmers to attend the demonstration.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

HEAVY DAMAGE TO CROPS IS REPORTED

HAIL DESTROYS MUCH COTTON AND CORN IN MILAM COUNTY.

Reports reaching Cameron Wednesday morning from over the county indicate a heavy damage by hail and wind Monday night. The rainfall is reported heavy in some sections of the county but in Cameron the fall was light.

In the vicinity of Buckholts, Yarrellton, Watt Swith and Marek as well as Maysfield and Branchville, the hail is said to have done considerable damage to growing crops. In some places cotton that had been chopped out was beaten down and will have to be replanted.

Corn and other grains also suffered heavy damage. The hail fell in torrents in some sections and the stones were large. It is estimated many hundreds of acres of both cotton and corn will have to be replanted in the county.

Gum-Dipped Cords

Gaining New Fame for Service

194% Sales Increase in Last Six Months Shows Trend Toward Firestone

The public has emphatically spoken. The popular preference in all territories is unmistakably the Firestone Gum-Dipped Cord.

A standard of service has been set by these famous tires without parallel in the past. It has brought a sales increase of 194% for the past six months over the same period of a year ago—the greatest gain in all Firestone history.

The Firestone Gum-Dipped Cord is the mighty achievement which has enabled Firestone to break the tremendous record of past Firestone success.

The tire buying public has been aroused to the results in economical mileage of the Firestone process of double gum-dipping. The buying-swing toward Firestone shows how it has advanced the public's standard of tire value.

Ask owners about Firestone performance on their cars. Note the big taxicab fleets Firestone-equipped. Watch the new cars you see—just from the factories; Firestone Gum-Dipped Cords are seen everywhere in fast increasing numbers.

Get the maximum extra mileage that only the Firestone name assures you. Only by insisting on this name can you be sure of getting the genuine gum-dipped construction.

AD WRITING

Is a science no less important to its sphere of usefulness than architecture to building; good books to education; genius to art and the like.

The Merchant or Manufacturer who is satisfied with a mere "Ad" has failed to realize upon his opportunities. For advertising is something more than writing an "ad." There must be a definiteness of purpose—a plan—an idea—behind commercial publicity.

Twenty Years ago merchants and manufacturers gave little thought to advertising. Today it has become the largest source of investment in the world. More money is spent for advertising—Commercial Publicity—than for any other commodity used in business.

Little or no money is spent for "ads."

THE WORKER'S SONG.

I lay no claim to a niche of fame
In the halls of the storied years;
I may not hope for the crowd's acclaim
Swept high in a storm of cheers.
Obscure, unknown to crown or throne,
I journey my prosy way—
But I do the task that is mine, alone,
As well as a worker may.
On far winds flung by script or tongue
The fame of the great is whirled;
They have wrought full well and their deeds are sung
Through the width and a grateful world,
I have not won to a place in the sun
With the kingly ones of the earth—
But I know that the humblest task, well done,
Is not devoid of worth!
I have no part in the mighty art
That flowers in the dreamer's breast;
But I know the joy of a workman's heart
In doing his little best!
I boast my role in the world's great plan—
My share in creation, too;
For I do as well as a worker can
The task that is mine to do!

ST. RITA'S CIRCLE.

The St. Rita's Circle held its regular meeting last Thursday at the home of Mrs. B. J. Matocha instead of the home of Miss Lillie Scriber as was planned, on account of the illness of Miss Scribers father.

Basket supper was planned at this meeting to be given on the church grounds May 23rd at 8 p. m.

Rummage sale will be held by the members on the 19th and 26th of May. The circle purchased a beautiful center light for the church and is, now raising money to help purchase a piano for the school children. After the business meeting was transacted, refreshments were served. The next meeting will be with Mrs. William Marek May 24th.

PRISCILLA CLUB.

The Priscilla Club spent a most delightful afternoon last Thursday with Mrs. Judd Davis as hostess at her attractive home on East 15th street.

The hostess featured beautiful shades of pink and lavendar for the motif in decorations.

Sweet peas and larkspurs in most beautiful profusion, artistically arranged in vases and baskets, contributed their perfume and lovliness to the success of this charming hospitality.

Dainty handwork was brought out and much admired, while merry conversation with much pleasantry helped to pass the hours all to rapidly. At the conculsion of the afternoon Misses Florence Atkinson, Gladys Davis and Mrs. O. L. Kidd assisted the hostess in serving chicken salad, tomato salad, wafers, sandwiches, olives, lavendar ice cream and cake. Plate favors were little pink faces with bonnets, artistically placed on the plate.

Besides club members there were present Mesdames J. L Clinton, Buck Bonds, O. L. Kidd, Wiley Mangum, Jewell Barmore and Walter Newton.

The business men of Cameron were delighted to accept the invitation extended to them to attend a most delightful "Stag Luncheon" which was given by John E. Lee, of the Lee Oil Company, at his home at Minerva last Thursday.

Many business men of Rockdale gathered with the business men of Minerva and Cameron and all joined in one of the most pleasant hospitalities ever extended in this part of the country.

The Lee home is noted for its cordiality, and is situated on a pretty site on one of Mr. Lee's many oil leases near the little town of Minerva. The table was set out on the lawn. Promptly at 6:30 the guests were seated at the festive board. Hon. E. A. Camp of Rockdale was Toast Master for the occasion and presided in his usual gracious manner. Many rich toasts and jokes were gotten off. Hon. Paul Webb, our popular City Attorney, gave one of his inimitable after-dinner speeches and was followed by the Gallant R. P. Jeter and humorous Tom Henderson, Jr. Attorney Weir of Dallas made a pleasing talk. Irvin Isaacs, a former Milam county man, now of Dallas, delighted his hearers with his speech. One of the most enjoyable speeches was made by the "Mayor" of Minerva, Mr. McClellan, of the McClellan Oil Company, in his "Three cheers for Minerva." The following menu was esrved: All kinds of cheese, sausage, ham, white and brown bread, eggs boiled and served in shells, potato chips, dill and sour pickels, onions and crackers. Along with this was served drinks in keeping with the menu. There were over one-hundred guests in attendance.

Mesdames John S. Owens, Ed. V. Ferguson, of Cameron, Mrs. Gamble of Minerva and Mrs. Ferguson of Rockdale assisted Mrs. Lee in welcoming the guests upon their arrival.

TUESDAY CLUB.

Mrs. Haden Lawrence was the charming hostess to the Tuesday Club this week at her pretty bungalow home on North Central Ave. The interior of this lovely home was beautiful with a color scheme of pink and green, pink predoninating. Several tables of players enjoyed this hospitality and games were played amid a profusion of dainty pink sweet peas and exquisite pink Columbia roses resting in vases and baskets. The spring butterfly was featured in all his gaudy hues. The tables were overlaid with dainty pink colors and were numbered by as many butterflies as was the number of the table. Table number one had a gorgeous beauty; while number two had the "Two is company" and the third table had "Three is a crowd," and so on.

Score cards and tally pads carried out the butterfly feature in a delightful manner. At each table was a pretty bag with a dainty note attached which read: "Into this tiny bag just peep; and each a tiny package see." Upon opening same every guest received a table favor in the way of some kind of wearing accessory.

The hostess was charmingly assisted by Messdames Robert McLane, C. W. Lawrence, S. A. Cottle, Misses Sallie Kate McLane and Agnes Chambers in serving pink brick ice cream and white cake. Small boquets of pink peas rested on each plate.

Mrs. Lawrence was hostess again Wednesday afternoon to a number of invited guests to enjoy a few hours with forty-two as the diversion, using the same decoration as the day before and served a lovely course of ice with cake.

GOLDEN WEDDING.

The home of Mr. and Mrs. John Woolley was in dainty attire of spring roses and many hued blossoms last Friday, May 11th. The occasion being the celebration of their Golden Wedding.

Mr. and Mrs. Woolley were married Fifty years ago at the home of Mrs. Woolley's mother, Mrs. Susan Hopkins, at the old Hopkins Home on Elm Creek. Old Uncle Jerry Nabours performing the religious rites. Uncle Jerry was the father of our much loved W. A. Nabours, a former County Treasurer and County Clerk of Milam county.

Owing to the poor health of Mrs. Woolley, there were no invited guests outside of the immediate family. All three of their children were present which included Mr. and Mrs. Joe B. Kreusch of Temple, Mrs. R. V. Ramsour of Snider and Miss Lelia Woolley of Cameron. Besides the three children there were present four grand daughters, Misses Gladys Messimer of Yoakum, Isabell Messimer of Baylor College, Belton, Ida Ruth who is in High School in Snider and Maurine Messimer who makes her home with her grand parents, and R. L. Hopkins, a brother of Mrs. Woolley, the only living member of her family.

This was a real home coming to be remembered and it is rare that a couple celebrates a golden wedding where the entire family is present. This couple reared and interesting family and all are situated in life so that it makes the declining years of this esteemable couple pleasant and free from care. Love and good cheer reigned around the festive board where all the dainty delicacies of the season were served. Many nice and costly presents were given by their children, and many friends over the state join in wishing them many pleasant years to come.

Cadets' Great Ride.

Two hundred and fifty senior cadets of Victoria, B. C., have recently completed a 1,400-mile ride on bicycles, bearing dispatches from the state commandant to the minister for defense. The small riders averaged more than 14 miles an hour, and they completed their task 6 hours and 23 minutes ahead of schedule. This fine performance roused public inserest in the new system of cadet training, which has taken the place of the monotonous drill-yard evolutions. Australia is training its youngest soldiers in camaraderie, self-sacrifice, alertness and a love of athletics. The story of the 1,400-mile ride against unexpected obstacles has set a standard which will not be easily forgotten by the Australian boy. While the dispatch ride has done much to direct attention to a happier system of training, it has also served to awaken the interest of fathers and elder brothers.

Eggs From the Orient.

A train of 25 cars, loaded entirely with Japanese and Chinese eggs, left Vancouver, B. C., the other day, bound for New York. The train was made up of nine carloads sent over from Seattle to be attached to sixteen carloads of eggs from the steamer Empress of Russia. The eggs from Seattle were delivered by Japanese liners. The eggs, with the exception of 1,500 cases for London, England, and 1,000 cases for Montreal, were all consigned to New York. The shipment to the latter point consisted of approximately 17,500 cases of 30 and 36 dozen each, or about 6,500,000, more than an egg for breakfast for every man, woman and child in New York city.

Chautauqua--
The Spirit of America

The spirit of America; equal opportunity for all, a democracy in fact; freedom of religious and political thought and action.

To serve this great nation, primarily with educational and inspirational results in mind, the circuit Chautauqa was conceived. Because it is thoroughly American it has become woven into the Nation's very life. No hamlet is too small, no city too great to benefit by its service.

Chautauqua is generally a family affair—it appeals to child as well as parent. It is because Chautauqua reaches and attracts real American families that it is so strongly intrenched.

Theodore Roosevelt has called the Chautauqua, "The most American thing in America."

Woodrow Wilson, during the war valued the Chautauqua as "An integral part of the National defense."

President Harding said December:

"The time has long since passed when there could be any doubt of Chautauqua's service to the country; we are far past the era of misunderstanding when this great work could be waved aside with the light word and the gesture of tolerant superiority. The Chautauqua has served to reveal the individual American community to itself at its best.

The Redpath Bureau operated the first Chautauqua Circuit. Now Redpath Circuits cover the United States. The Premier Circuit of Redpath-Horner is the greatest of all these; in territory covered and in program. With pardonable pride and the satisfaction of well kept faith we offer—

Soft Coal Operators Working To Bring About Understanding of Problems Now Facing Industry

ALFRED M. OGLE JOHN C. BRYDON J. G. BRADLEY

The soft coal operator is anxious to have the consumer know all about his problems.

Believing that the bituminous industry will cease to be a target for unfriendly criticism once the public is well informed regarding the difficulties involved in the production of coal, leading operators, from both union and non-union fields, have started an investigation of conditions, relating to their business. The consumer and the United States Coal Commission will be asked to consider the facts as they are brought to light.

John C. Brydon, Somerset, Pa., chairman of the Bituminous Operators' Special Committee, A. M. Ogle, Terre Haute, Ind., president of the National Coal Association, and J. G. Bradley, Dundon, West Va., president of the West Virginia Coal Association, are three of the leading operators who are cooperating with the United States Coal Commission in its efforts to find a means of insuring the public against coal shortages and high prices.

These men, speaking in behalf of the industry, declare that frequent labor interruptions have forced up the cost of coal and made it impossible for them to render fair service to the public. When a nation-wide strike is called by the United Mine Workers, 60 per cent of the supply is cut off, and they point out that unduly high prices are the inevitable result of this curtailment.

According to briefs filed before the commission, the cost of labor is 68.8 per cent of the total cost of production. In other words, if it costs an operator $2 a ton to produce coal, he must pay $1.35 of this amount for labor. The remaining 65 cents must defray bills for supplies and mining material, cover depreciation on the equipment and depletion of the coal supply.

An interesting fact, which the operators point out, is that unlike the manufacturer whose plant develops greater production year after year, the operator is utilizing a reserve supply of limited quantity and his depletion charge is necessary to cover this exhaustion.

Cameron Firemen Win Honors At State Meeting

(Continued from page 1.)

about fifteen hundred firemen present. Among whom were some of the best and most noted speakers of the State. After the address of welcome by the Mayor and other officials of the town, Cameron was called on to present a loving cup to be known as the Cameron Sweepstake Cup, to the State Firemen's Association, to be contested for by the fastest man from each racing team.

As usual, we were there with bells on, ready to answer any call, and for this occasion we called on one of the best speakers Cameron has ever produced, one who at all times with her bountiful supply of wit and eloquence can meet any any emergency and do honor to any subject or town she may be called on to represent. She was introduced by the president as Miss Nell DuBois, sponsor of Cameron firemen —and never before in the history of convention has there been such a presentation speech made. Could you have heard her you would be proud indeed that you were fortunate enough to be one of Milam county citizens. And the writer thought for several minutes that the roof would surely collapse from applause. She put Cameron on the map as it has never been done before, and the State of Texas, as far as firemen are concerned, takes its hat off to Cameron. "Miss Nell is one of The boys and the whole State knows it."

The captain of the racing team drew for places and drew No. 20, there being 22 contesting teams in the reel races He drew nos. 10 and 11 in cup races and No. 2 in the Cameron cup race.

These races were run Thursday afternoon, commencing at one o'clock

Cameron again loomed up as game as peacocks, marched out for inspection, and were pronounced "one hundred per cent."

The first team up was Weimar, a big strong bunch of boys, but slow time 30 3-5 seconds. Lockhart, who is noted for her track men, was second,but with all her speed, they didn't know their stuff. "They blew off." Seventeen other teams ran, but they either made slow time or failed to connect, and all looked good until No. 19, which was Victoria, hung up a record of 26 seconds. Then a thin shadow fell over the whole crowd, for Victoria is a rough bunch and no one seemed to want them to win, but our boys still kept their pep, and expressed themselves that 26 seconds would never take first money. As No. 20 formed on the line the hundreds that formed a wall on each side of the track seemed to cease breathing for they realized that the fastest team that ever went on track was now ready and determined to lower the record 26 seconds, made by Victoria. The gun fired fired "they were off," they passed the plug in 10 2-5 seconds, they completed the run in 22 seconds, breaking all previous records for running. But now comes the alibi—Crawford had his plug ready, Weems made perfect connection, Wilson and Hearrel had their hose in perfect form. Richter and Marek had their nozzle on. And our hearts were in our throats for we knew we had first money, but when the man with the megaphone sang out 27 seconds—well, we didn't say we were beat, and haven't said so yet, but anyway we got second money.

After the reel races came the Liberty cup race, which was contested for by 27 teams. In this race Cameron was represented by Richter and McCall at the nozzle, winning the race in 19 2-5 seconds.

Then came the O'Connor cup race. We were represented in this race by Weems and Crawford at plug and Richter and Marek at the nozzle, and tied Seguin for 21 seconds. It was decided that the captains of the teams that were tied, toss a coin to see who won the cup, and "yours truly" happened to be the unlucky guy.

Then came the most interesting race of all, "The Cameron Sweepstake Cup Race." This race was a hundred yard dash, the idea, to determine which fire company in the State had the fastest footsman. In this race we were represented by Alton Baggett, and the reader "could imagine the rest," but we must give honor to whom honor is due. In this race there were 17 contestants, and it was necessary to run three preliminaries, taking the three fastest men for the finals. Of course, Baggett was placed in the finals, and when the race was run Baggett was presented with the cup by an easy decision, the time being 9 4-5 seconds. This race was the last event on the program and closed the convention.

Out of the five prizes offered Cameron won three of them and tied fo the fourth and lost by flipping of a coin. We cannot say this was bad work, but Cameron is never satisfied if they don't win first money. Too much cannot be said for the Cameron boys, for they are recognized by the State Firemen's Association as being gentlemen in every respect, and never has a report come back to Cameron of any misconduct or rudeness of the Cameron boys.

MANY ADDITIONS TO BAPTIST CHURCH IN REVIVAL MEETING

CHURCH STRENGTHENED BY EVANGELICAL EFFORT MADE PAST TWO WEEKS.

With the close of the meeting at the Baptist church Sunday night 22 additions had been made to the church by profession and 10 have joined by statement.

Rev. Lee M. White, pastor of the First Baptist church at Kinston, North Carolina, preached during the two weeks of the revival and the church has been greatly strengthened as a result of his coming to Cameron.

Following the Sunday night service, Rev. Lee M. White, and Rev. Russell C. White, pastor of the church here, left for Kansas City where they will attend the Southern Baptist Convention. Rev. Lee M. White will go to his home in North Carolina from the convention.

The pulpit will be supplied during the absence of Rev. White who expects to be away for more than a week.

METHODIST MISSIONARY.

The ladies of the Methodist Missionary Society met in the church Monday afternoon for Bible study, Mrs. W. O. Triggs leader. A brief business session was conducted by the president, Mrs. Leland Green, after which Mrs. Triggs took charge of the lesson taken from the 2nd Chapter in "Building with India." Miss Mildred Clinton favored them with a violin solo. At the conclusion of the program Mrs. Andrew Freeman, assisted by her two little daughters, served a lovely refreshment course.

PRESBYTERIAN AUXILIARY.

The Presbyterian Auxiliary met at the church for Bible study last Monday afternoon. Mrs. Henry Sapp was leader, taking the interesting characters of Samuel and David for the afternoon lessnn.

These ladies are planning on giving a Mexican Siesta in the afternoon of May 29th, at the home of Mrs. W. G. Gillis. All ladies of the Presbyterian congregation are expected to attend. The ladies of the Southern Presbyterian Church decided several months ago that they would build a Mexican School for Mexican girls which is to be a companion to the Tex-Mex school for the Mexican boys. The site has not yet been selected but at some near future date they expect to secure this location and will build the school. This Mexican Siesta entertainment to be given on the 29th is for the purpose of helping to raise money for this school. This is a wonderful step in the upbuilding of their church work and the ladies are to be praised in their splendid work.

BAPTIST AUXILIARY.

The ladies of the Baptist Auxiliary met Monday afternoon at the church and held a Prai meeting. The President, Mrs. A. N. Green, presided. This meeting was largely attended at the close of the afternoon meeting.

CHRISTIAN CHURCH.

ICE CREAM AND BOX SUPPER.

The Yarrellton Baptist church will give an ice cream and box supper Saturday night May 19. Everybody invited to attend the supper and help the church. The Yarrellton Baptist church was destroyed by fire recently and the congregation is making an effort to rebuild the church and to get its finances in better condition.

PRESBYTERIAN CHURCH

There will be preaching Sunday as usual, at 11 o'clock in morning and 7:45 in the evening. This announcement is made with full regard for the singing convention. The Methodist auditorium may not be adequate for the crowd, and our morning service will be for the overflow.

NEFF CONVENES SECOND CALLED SESSION LEGISLATURE

MUST HAVE REVENUE TO RUN STATE SAYS GOVERNOR IN CALL.

Austin, Texas, May 15.—Governor Neff Tuesday night issued a proclamation calling a special session of the legislature Wednesday morning at 10 o'clock.

The legislature is called "to adjust the wide discrepency between the appropriations heretofore made by the Thirty-eigth legislature for the maintenance of our state institutions and the estimated available revenues with which said appropriations are to be met.

The governor's proclamation was issued at 11 o'clock tonight after committees of both house and senate had informed him that they were ready to adjourn the present session.

Committees of the two houses brought the governor's message back to the legislature and it was read a few minutes before adjournment was taken.

The house adjourned at 11:15 and the senate a few minutes later after Senator I. E. Clark of Fayette county was elected president pro tem ad interim, until the third called special session convenes tomorrow morning.

Austin, Texas, May 15.—The state will face a deficit approximating $7,000,000 during the next two years under appropriations made by the Thirty-eigth legislature and available revenues, Senator A. E. Wood of Williamson county, chairman of the senate finance committee, estimated in a staement issued today. Wood figured that revenues for the biennium wuld total $40,000,000 and that appropriations amount to $47,379,000.

Austin, Texas, May 15.—The Dinkle income tax bill was killed for the present session of the legislature when house and senate conference committees tonight reported inability to agree on provisions of the bill and both houses discharged the committees. No further action will be taken on the bill unless one of the houses requests a new conference committee which is declared to be impossible.

The report on the income bill was signed by the entire committee and followed several hours of discussion in an effort to arrive at a compromise.

In discussing the report, Senator Witt said that the senate members of the conference committee had obtained an opinion from the attorney general declaring that an act such as that passed by the house was unconstitutional. He further stated that internal revenue officers informed the committee it would be impossible to obtain records of federal income reports on which to base the state tax as provided in the Pope amendment.

House members, on the other hand, declined to accept the senate graduated tax substitute.

On the passage or failure of the income bill is said to depend the calling of another special session.

Austin, Texas, May 15.—Without much discussion the conference report on the Coffee oil tax bill, placing the tax at two per cent was adopted tonight by the house by a vote of 103 to 5. Prospects for a greater tax having become hopeless today, passage of a two per cent measure by at least 100 votes was urged to make it effective immediately.

On motion of Representative Davenport the action of the house yesterday in refusing to adopt the conference report was expunged from the record and the report then was adopted.

Representative Coffee spoke briefly stating that he would not oppose the two per cent tax any further at this time, but said he would maintain his fight for a higher rate.

"Let us carry this fight to the people of Texas," he declared

Stewart of Reeves urged adoption of the report because, he said, if it was not accepted the state would lose approximately $1,600,000 before the next legislature could act on it.

COMMERCIAL CLUB

Roll call reveled the following present:

Officers—C. W. Lawrence, president; Moulton Cobb, secretary; B. F. Bonds, truesurer.

Directors—Robt. McLane, J. T. Parma, W. O. Triggs, R. H. McIntosh, Dr. Jas. Watson.

Committee Chairman—W. M. Cobb, F. R. Dunlap, Paul Webb, F. S. Lesovsky and F. E. Jackson.

Minutes of the last meeting were read and with a slight amendent adopted.

Upon montion from the Club, F. E. Jackson was permitted to erect a sign at the Milam—Bell line inviting the travelers to come to Matchless Milam and Cameron, good roads all of the way.

President Lawrence said that the Cameron-Thorndale road proposition was discussed jointly between representative citizens here recently, and that a called meeting would be held in Thorndale in June.

R. H. McIntosh described the Yoe Memorial as a "great success." All of our merchants gladly closed for the occasion.

Upon motion, Grover C. White was released from the chairmanship of the membership and entertainment committee.

President Lawrence appointed W. G. Gillis as chairman of the membership and entertainment committee.

Robt. McLane declared that the gutter between Lindsey's grocery and the Presbyterian church was filled with slimy water and suggested that some action be taken upon the matter. It was referred to the city council.

It was moved and seconded that T. S. Henderson, Jr., be invited to address the Commercial Club next Friday night on the subject, "The Possibilities of Cameron." The motion carried. Mr. Henderson has given this matter an exhaustive study and is prepared to thoroughly discuss the problems.

A round table discussion then followed by members of the club as to what the organization to strive to accomplish in the future. Interesting speeches were made by Paul Webb, the eloquent city attorney, who declared that the club, like an individual, should have ambitior and endeavor to attain a certain goal. W. M. Cobb said that we "need a tin bucket brigade in Cameron." F. S. Lesovsky admonished the club of keeping our pike roads in repair. Bill Alex Bonds stated that we needed a blanket tax for our roads in Milam county, and offered this as a panacea for our road ills. J. E. Jackson suggested that a committee be appointed to devise a definite program for the club. R. H. McIntoch said Mr. Jackson expressed his sentiments.

TWO FROM CAMERON IN THE UNIVERSITY GIVEN MENTION

JOYCE COX AND MARY JO HARLAN PRAISED FOR EFFICIENCY.

Austin, Texas, May 14.—Out of 3,022 students in the College of Arts and Sciences of the University of Texas during the winter term, 331 have been commended officially for scholastic merit. These students have been listed on an honor roll of distinguished students, divided into five groups, according to their rating as evidenced by the reports of the instructions. In constructing the honor list, account is taken both of the grades made and the number of courses passed, but heavy emphasis is placed on quality by counting an A as 12, a B as 9, and a D as 3 in computing the score.

Freshman grades run lower than those of upper classmen and to attain a certain rank among his fellow classmen a freshman does not have to make as high score as an upper classman. This fact is noticeable in the table of scores, where Group 1, Summa Cum Laude, includes upperclassmen with scores of 61 and freshmen of 57 up; Group 2, Cum Laude Ampla at Magna, upperclassmen, 55-60, freshmen, 54-56; freshmen, 54-56; Magna Cum Laude, 53; Group 4, Ampla Cum Laude, upupperclassmen, 52-54, fresman, 50-perclassmen, 52-54, freshmen 50-53; Grup 4, Ampla Cum Laude, upper-Group 5, Cum Laude, upperclassmen, 48, freshmen, 45.

The following students from Cameron received the distinction of mention on this official Honor Roll for the term that has just passed:

Group 1, Franklin J. Cox; Group 5, Mary Jo Harlan.

The following students from Buckholts received the distinction of mention on this official Honor Roll for the tterm that has just passed:

Group 3, Hubert Mewhinney.

BRAND NEW COMEDY.

"Charles F. Horner presents" has been the introudction for many successes. In fact dramatic and musical attractions in Chautauqua have been taken on those words for years. Record after record has been established.

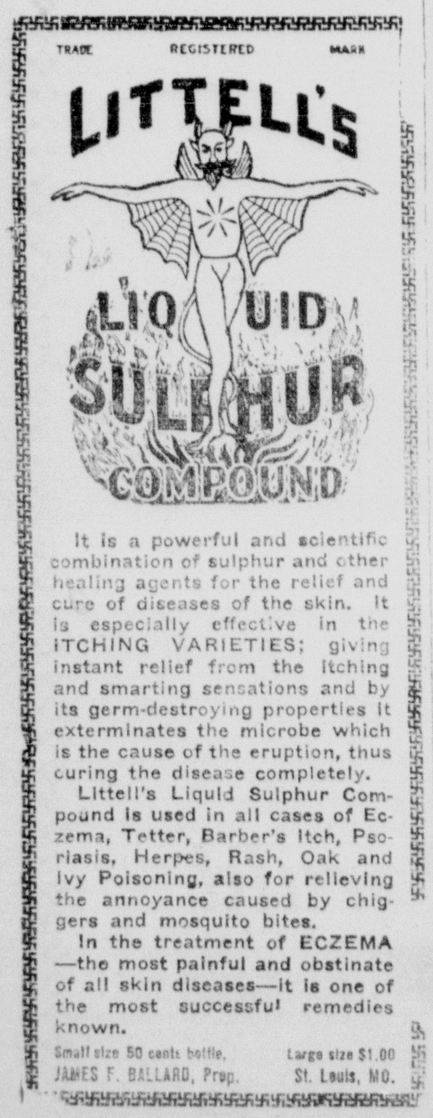
Those four words are used three times this season. Four great dramatic and musical numbers are ushered in that way. Most Chautauqua circuits have one: some have two. Redpath-Horner this year has three in addition to a host of other features.

One of those three is "Cousin Mary," written for the Premier Circuit and produced this Summer for the first time. Cousin Mary has year of future ahead—but you are getting it first—as you deserve to.

The plot has considerably more to it than the average musical comedy. It was written with certain stars in mind who are actually appearing in it. There is fun, sometimes uproarious, always delicious.

The music is superb, catchy—the kind you hum and whistle and buy later for your phonograph. Much of it will be nationally known for it was written by Lucien Denni, the great composer of numberless popular successes.

The cast includes Ada Roach and Ruth Freeman, former Premier favorites and now among New York's most popular entertainers. There is Margaret Owen, star of "The Blue Kitten" and Katinka." Another principal role is sung by Stanley Deacon, baritone, star of many grand and light operas, foormerly with the Century Opera Company.



It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Ford
THE UNIVERSAL CAR

ANNOUNCEMENT

Of Interest to

MILLIONS OF FAMILIES

"I will build a car for the multitude." Said Henry Ford in 1903 —Read how the fulfillment of that propehecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers--more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

SULLIVAN-PARMA.

A marriage of unusual interest to many Cameron people occured last Tuesday afternoon at the Catholic church when Mr. Will Parma and Miss Nora Sullivan were united in matrimony, Rev. Father Spinnewebber saying the ceremony that made two hearts beat as on .

Miss Sullivan is a daughter of Mr. and Mrs. Edward Sullivan of Navasota. She was principal of the school at Marak and is a charming young lady of one of the most prominent families in Navasota. The bride wore an attractive spring model coat suit of Poiret twill with accessories to match, and carried a shower boquet of La France roses with maiden-hair ferns.

The groom is a splendid young business man and is connected with his brother, J. T. Parma's grocery store and enjoys the confidence and esteem of a large patronage in Cameron.

Mr.and Mrs. J. L. Marak served a delicious six o'clock luncheon to the wedding party. The groom and bride left immediately for Dallas by motor where they will spend a few days, after which they will return to Cameron to make their home.

AN ENJOYABLE PICNIC.

The following motored to Batte's pasture Tuesday of last week and enjoyed a delightful six o'clock picnic: Mr. and Mrs. Joe Denson, Mr. and Mrs. Dick Brewer, Misses Winnie Henderson, Jewel Joslin, Rosine Ledbetter, Susana Jackson, Delphya Scott, Ruth Henderson and C. W. Bradberry.

AN ENJOYABLE BANQUET.

One of the most enjoyable entertainments ever given in Cameron was the banquet Wednesday night given by the Brotherhood of the Methodist church to the ladies of the congregation. Each member was allowed to invite a lady guest.

The tables were beautifully decorated with large red and pink roses, sweet peas and nasturtiums. This was a unique affair. The men provided the menu and in a pleasing style served the ladies as tho it was their custom to do this work daily.

Mrs. Jeff T. Kemp was Toast Mistress and in her own attractive style read a welcome to the assembly and toasted the "Brotherhood." Mrs. Andrew Freeman gave a speech which brought forth peals of laughter. Mrs. J. B. Baskin made a decided hit with her witty and charming remarks. Mrs. Edwin York paid a beautiful tribute to the young bride, the older bride, and the "To be bride." Miss Maggie Lou Aycock in a humorous and original way gave her idea of the husband she would marry.

Mrs. Hubert Hefley presented the "insurance" side of life in a delightful manner, followed by Miss Leila Woolley on her idea of why and how the bachelor should be taxed. Mrs. Leland Green gave a valuable receipt "How to preserve and keep husbands sweet." Mrs. Mack Harvey favored the audience with two beautiful songs. Mrs. L. C. McBride, house guest of Mrs. McIntosh, pleased the assembly with a delightful reminiscence of when she lived in Cameron several years before moving to Dallas. Madam Paderewaski (Mrs. McIntosh) presented her wonderful invention, "The Humanophone" which was represented by faces of eight ladies inside of notes on a Treble music staff. This was uniquely done. The following faces appeared in the notes: Misses Jewel Joslin, Annie Lou Baskin Mesdames Dunlap, Ira F. Key, J. L. Clinton, Buck Bonds, W. A. Bonds and Alex Triggs. By means of a fairy wand Madam Paderewaski was able to produce tones of wonderful power. This was a delightful closing for a much enjoyable evening.

Dad, Mother, Ironized Yeast for Rheumatism

Do You Realize What Ironized Yeast-Vitamines Will Do for Rheumatism and Lumbago?

Do you know that vitamines and iron are part of your very life? Do you know that the tissue-and-blood factory in your body needs these two materials, and needs them badly? Do you know that if your body furnace does not get enough of these, that

"Whoopee! Rheumatism Pains and Agony All Gone. Ironized Yeast Is Surely Wonderful!"

queer poisons, joint poisons, muscle poisons, acid poisons are formed instead of the healthy flesh and the rich blood you used to have in days gone by? If you hobble in your gait, if pains distort your body, if bending over is an unspeakable agony, if dull pains make you breathe heavily and moan, do not grumble at the roughness of the way—smile sweetly, there is a rainbow ahead. Things are different now than they used to be, in the days of liniments, salves, complicated drugs, and all that,—remember? The happy secret today is ironized yeast, one of the greatest body-and-blood builders of all time. Begin taking Ironized Yeast today. Beware of imitations and substitutes, because Ironized Yeast is not a mere combination of yeast and iron, but is yeast ironized, which is a substance all by itself. There is only one Ironized Yeast in all the world. Sold at all drug stores at $1.00 a package and containing 60 tablets, each tablet sealed. They never lose their power. M'f'd only by Ironized Yeast Co., Atlanta, Ga. Say goodbye to rheumatism from now on!

GALLOWS FOR TWO WHO SLAY; TODD AND GAINES TO DIE

COURTS ASSESS PENALTY IN TWO CASES WEDNESDAY MAY 16.

Weatherford, May 16.—Under a death sentence formally pronounced in District Court this morning by Judge F. O. McKensey, Willis Wayne Todd, 21, will be taken to the scaffold June 21 to pay with his life for the death of James McNeal, Fort Worth service car driver.

Commutation of the sentence to penitentiary imprisonment by Governor Neff is the only step that can now be taken to avoid execution.

While returning to Fort Worth on the afternoon of Aug. 31, 1921, McNeal was beaten to death with an iron rod. His mutilated body was later found in a ravine north of Aledo on the old Fort Worth-Weatherford road. Todd received the death verdict for his confessed part in the killing. Forest Dawson, who also admitted helping kill McNeal to rob him of his money and car, was given a state training school sentence because of being a juvanile and Cecil Jensen, the third defendant, received a life sentence.

While Judge McKensey was pronouncing the sentence here today, Todd never flinched. He showed no signs of emotion. His father who remained at his side during the trial was with him in the court room., The mother, who is in bad health, was not present.

Todd was taken from the jail by several officers. There were but few people on the streets when he was taken to the court house, more than a block from the jail. Only a few spectators were in the court room. After pronouncement of the sentence, Todd was placed in the death cell to await execution.

Petitions appealing to the Governor to grant executive clemency are being circulated here. Many have signed them.

Austin, May 16.—The death penalty assessed against C. E. Gaines, Dallas County, in connection with the murder of G. W. Street during a postoffie robbery at Dallas in 1921, was affirmed by the Court of Criminal Appeals today when it overruled the appeallant's motion for rehearing.

The court reversed and remanded the cases of Ed. Walker, Gibbs Howard and W. W. Willman, Hamilton county, convicted of murder in connection with the slaying of Jack McCurdy, ranchman. Walker was sentenced to 99 years, Howard and Willman, 60 years each.

The State's motion for rehearing in the case of H. F. Wilson, Stephens county, convicted of robbery and sentenced to 20 years was overruled.

SHERIFF'S SALE.

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

REVENUE ACTS NOT BARRED TO SOLONS

GOVERNOR SAYS MESSAGE DOES NOT SHUT OUT CASH RAISING LEGILATION.

Austin, Texas, May 16.—Both revenue and appropriation measures are admissible into the third called special session of the legislature under his proclamation issued last night, Governor Neff informed a house committee which conferred with him on his message sent to both branches today. Under terms of the message, members said, only appropriation measures could be considered.

The governor's message declared that the session was called to "bring the appropriations within the available revenues,"and that this subject is to be "strictly construed."

The chief executive told the legislative committee that it was not his intention to limit work only to appropriation bills, and said he would send a further message tomorrow to explain his position.

The first two bills were passed on suspension of rules today—the per diem and contingent expense bills, carrying appropriations amounting to $110,000.

Augtin, Texas, May 16.—The first day of the third called special session in the senate was brief. The upper house was in session little more than an hour this morning and this afternoon but a few minutes after it was discovered a quorum was not present. It is not expected a quorum will be on hand the remainder of this week, although the senate will recess from day to day, so that bills can be introduced and reports considered. Twenty-three members answered initial roll call this morning. The senate adopted a resolution by Darwin asking the state affairs committee and the house revenue committee to co-operate in an effort to agree upon revenue measures. This action, Darwin said, is to assist in getting through revenue bills so that the session will not be prolonged. In accordance with the resolution, sub-committees of the two houses conferred tonight in an effort to agree upon provisions of an income tax bill.

NOTICE OF ELECTION

(School Tax Election)

THE STATE OF TEXAS
County of Milam.

Notice is hereby given that an Election will be held on the 26th day of May, 1923 at Yarrellton School House, in Common School District No. 55, of this county, as established by order of the County board of Trustees of this county, of date the 3rd day of May, 1920, which is recorded in Book 1 page 60, of the records of Common School Districts of Milam County, Texas to determine whether a majority of the legally qualified property tax paying voters of said District desire to increase the tax of not exceeding 50 cents on the $100 valuation heretofore voted for the purpose of supplementing the State school fund apportioned to said district and to determine whether the Commissioners Court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding 75 cents on the $100 valuation of taxable property in said district for said purpose.

C. P. Gandy has been appointed presiding officer for said election, and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election had been held, make due return thereof to the Commissioners Court of this County as required by law for holding general elections.

All persons who are legally qualified voters of this State and of this county and who are resident property tax payers in said District shall be entitled to vote at said election.

Each voter at said election who desires to vote for such increase shall have written or printed on his ballot, "For Increase of School Tax," and each voter desiring to vote against such increase shall have written or printed on his ballot "Againt Increase of School Tax."

The polls at said election shall be opened at 8 o'clock a. m. and closed at 7 o'closck p. m. Said election was ordered by the County Judge of this county by order made on the 30th day of April, 1923, and this notice is given in pursuance of this order.

Dated the 30th day of April, 1923.

DRUE S. ROGERS,
1 4t Sheriff of Milam County, Texas.

INDICATIONS LOOK FAVORABLE FOR CORN SHIPPING.

Chas. A. Davis, cashier of the First National Bank, and who is sponsoring the effort being made here to ship roasting ears to the eastern and northern markets in car lots, informs the Champion that there are about twenty-five or thirty farmers working co-operatively in an effort to provide roasting ears in suffficient quantity to warrant a buyer to come to Thorndale and buy the corn and ship it in car load lots to market.

Mr. Davis says this number of prohave planted early, using the white corn as requested, and that every indictation at this time looks favorable for a profitable beginning of this new feature of diversified farming and source of "ready cash" at a time when it is most needed. Mr. Davis has taken the initiative in this move with a view of rendering the community a service and the Champion hopes that his ambition may be fully realized.—Thorndale Champion.

EIGHTEEN KILLED IN TORNADO AT COLORADO, TEXAS

MITCHELL COUNTY STRICKEN BY WEST TEXAS TWISTER MAY 14.

Colorado, Texas, May 14.—Eighteen persons are known to be dead and between 125 and 130 are injured as a result of a terrific tornado which swept a prosperous farming section of Mitchell county between 4 and 5 o'clock this morning, visiting death and destruction upon a peaceful community as it slept.

Over 300 persons have been made homeless by the disaster and churches and other public buildings in this city have been thrown open to the victims. The injured are being cared for in the local hospital and in the homes of neighbors who escaped the terrific storm.

A car load of relief supplies from Fort Bliss was tonight reported en route to this city. Cots and other hospital equipment are included in the shipment. Tents also are included to help give shelter to the homeless.

A three-months-old baby was found alive in a field. No one knew who or where its parents were. An 18-year-old girl was blown for half a mile and escaped unhurt.

Elmer Bizzel, his wife and their two babies were in a house that was picked up bodily and soared along a considerable distance, being set over in the next field. They were unhurt and the house was intact with some mirrors unbroken.

Mr. and Mrs. I. C. Sheffield, living on a farm south of Westbrook, were blown nearly a mile from where their house stood. It was destroyed and Mr. Sheffield died an hour after being found.

The area affected by the storm is a typical west Texas rolling plain covered with mesquite trees dotting a sandy territory. The path of the storm was a crescent, starting in the Richardson community, six miles southwest of Colorado, and terminating near Loraine.

The twister first struck at the Soade ranch, seven miles south of Colorado City, and moving in a northeasterly direction, passed thrugh the outskirts of Loraine, sweeping a path 200 yards wide and 24 miles long in the county.

Colorado City is on the Texas & Pacific railway, 28 miles west of Sweetwater, and about 37 miles east of Big Springs.

41,631 FORD TRUCKS DELIVERED IN FIRST QUARTER SET RECORD.

Detroit, Michigan, May 15.—Sales of 41,681 Ford Trucks during the first quarter, setting a new high record, bear out predictions made earlier that the use of the one-ton truck in hauling and delivery systems will be greater this year than ever before.

Not only is the Ford Truck rapidly coming into more general use in the commercial field, where its dependability, ease of operation and adaptability to all requirments make it the most popular, but throughout the agricultural sections of the country it is fast being adopted by the farmer as the best means of solving his problem for quick and cheaper transportation of his products from the farm to the city.

March sales of Ford Trucks, which reached the new high mark of 18,727, exceeded by more than 1,000 the sales of the first three months of 1922, toatlling 17,586, and were 50 per cent higher than the sales in February of this year.

BODY OF STUDENT WHO DROWN NEAR AUSTIN RECEIVED.

Austin, Texas, May 13.—Seachers early today discovered the body of Albert McCurdy, theological student who was drowned Thursday night when a canoe in which he and a young woman were riding was overturned in Lake Austin. The body floated to the surface about 300 yards from the spot where young McCurdy assisted his companion in reaching the shore before his energy was exhausted and he sank. McCurdy's funeral Sunday was attended by more than 1,000 fellow students.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

CALOMEL IS A DANGEROUS DRUG

NEXT DOSE MAY SALIVATE YOU LOOSEN TEETH OR START RHEUMATISM.

Calomel is mercury; quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerus calomel. Take a spoonful and if it doesn't start your liver and straigthen you up better and quicker than nasty calomel and without making you sick, you go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Lone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can dot salivate. (H)

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not [illegible]ul, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger.
